**I / WE pledge a total of \$ \_\_\_\_\_ for the 2022 budget year.**

- I /WE INTEND TO PAY THIS**      **WEEKLY (total amount divided by 52)**  
**(PLEASE CHECK ONLY ONE)**      **MONTHLY (total divided by 12)**  
    **SEMI-ANNUALLY (total divided by 2)**  
    **ANNUALLY (in a single payment)**

**Why is it more helpful to pledge than to just give when I can?**

We begin budget planning in November for the following year, and it makes your Vestry's job so much easier when we have something to base that on. Simply put, your pledge allows the Vestry to budget and plan the parish's finances more effectively. Your pledge is also helpful to you. It is too easy to skip a month, which may become two or three, when there is no commitment.

**What if I can't fulfill my pledge?**

Your pledge is non-binding and can be revised at any time. As stated above, your pledge and giving to Grace or Trinity must fit your personal circumstances. Any modifications that need to be made during the year can easily be communicated to us: just e-mail the Treasurer or Clergy.

**How do I determine the amount of my pledge?**

Your pledge is a personal commitment and should be right for you, fitting your personal circumstances and reflecting your commitment to your faith. Your financial pledge to the church should be a prayerful commitment. For many of us, this is the largest contribution we make. Take it seriously, and don't hesitate to take time to pray and consider.
